VOI

There's
a unique
atmosphere
here.

I can openly
speak with
any VP.
I didn't
expect that.

GEOSCIENCES

Devon offers a comprehensive four-year training program tailored to meet your career goals incorporating a progression of four basic modules.

In addition to the four basic modules, the program offers a personal technical mentor and career oversight sponsors as well as opportunities for onsite field courses.

Other training opportunities include transfers to Devon's offices, both internationally and in the United States.

YEAR ONE

The Geosciences Training Program will provide mentored work assignments and training courses concentrated on building your basic knowledge, skills and technical tool set.

You will do:

- > Log Interpretation
- > Drill Stem Testing
- > Mapping/Contouring
- > Geology of WCSB
- > Drilling Basics

YEAR TWO

The program will help you hone your ability to form integrated interpretations using a variety of data and technologies as a contributing team member.

You will do:

- > Core Analysis
- > Water Chemistry
- > Intro Reservoir Engineering
- > Hydrodynamics
- > Base Geophysics

YEAR THREE

Devon's training program also will help you develop a higher level of expertise in areas of your particular technical interest. These areas include:

- > Tight Gas Experience
- > Ichnology
- > Risk Analysis
- > Mineral Rights
- > Petroleum Economy

YEAR FOUR

- > Carbonate Sedimentology
- > Petroleum Economics
- > Clastic Sedimentology
- > Cuttings Interpretation
- > Development Geology

OTHER TRAINING OPPORTUNITIES

- > New hire networking and social activities, classes in team and project management, presentation workshops and social styles
- > Nautilus – Industry-leading program, offering field and classroom courses in the geosciences
- > CSPG – Canadian Society of Petroleum Geologists and CSEG - Canadian Society of Exploration Geophysicists conventions, workshops and courses in geology and geophysics
- > Geosciences, Petrophysical & Engineering Applications and Data Management Internal geologic field trips and field work
