DEVON ARL CORPORATION**

Take Notice that Devon ARL Corporation (Devon) has applied to the Alberta Energy and Utilities Board (EUB/Board) and Alberta Environment (AENV) for approval to construct and operate the Jackfish 2 Commercial Project. The proposed thermal project will be located approximately 15 kilometres (km) southeast of the community of Conklin, Alberta, located in Townships 75, Range 7, West of the 4th Meridian. The project will be based on in-situ steam-assisted gravity drainage (SAGD) technology, and the project will be designed to produce 5,565 cubic metres per day (m³/d) (35,000 bbl/d) of bitumen. Approximately 166 well pairs will be drilled over the 25-year life expectancy of the project. The proposed project will include:

- the drilling of multiple horizontal well pairs from pads;
- a plant site with steam generation, water treatment, water recycle, bitumen and product handling, fuel gas and bitumen pipelines, storm water storage and reclamation material storage; and
- brackish makeup water source wells and wastewater disposal wells.

Nature of the Applications

In support of the proposed project, Devon has prepared and submitted the following:

- Application No. 1481055 to the EUB under Section 10 of the *Oil Sands Conservation Act* to authorize the construction and operation of the proposed Jackfish 2 Project. Devon has also prepared and submitted an Environmental Impact Assessment (EIA) report to the Director, Environmental Assessment, Northern Region. The EIA report forms part of the application to the EUB.
- Application No. 001-224816 to AENV under the *Environmental Protection and Enhancement Act* (EPEA) for construction, operation, and reclamation of the Devon Jackfish 2 Project.
- File No. 00222929 to AENV under the *Water Act* (WA) for a groundwater withdrawal license, under Section 50(1) of the WA.

To File a Submission

A submission regarding Application No. 1481055 must be submitted on or before **January 8, 2007**. The Board will evaluate the submissions received to determine if any of the submitters may be directly and adversely affected by the decision of the Board on this application. Send one copy of your submission to the applicant at the name and address below, and seven copies of the submission to:

Ken Hale
Alberta Energy and Utilities Board
640 5 Avenue SW
Calgary, Alberta T2P 3G4

Any submission filed shall contain information detailing:

- the desired disposition of the application;
- the facts substantiating the position of the submitter
- the reasons why the submitter believes the Board should decide in the manner advocated; and
- the name, address, telephone number, fax number and, if available e-mail address of the submitter.

To File a Statement of Concern

Statements of concern under EPEA and WA must be submitted by **January 8, 2007**. Failure to file a statement of concern may affect the right to file a Notice of Appeal with the Environmental Appeal Board. Please quote Application No. 001-224816 (EPEA), or File No. 00222929 (WA) when submitting a statement of concern. If no statements of concern are received, the EPEA and WA applications may be approved without further notice.

Note that any submissions or statements of concern filed regarding these applications are public records, which are accessible by the public.

This Notice of Filing is to advise interested persons that the applications are available, and that the EUB, AENV, and other government departments are now undertaking review of the applications.

Issued at Calgary, Alberta, on October 26, 2006.
