

Devon Energy, one of North America's leading independent natural gas and oil producers, is dedicated to helping Eagle Ford area students excel in the classroom. The Devon Science Giants Award recognizes schools that demonstrate commitment to using creative and exciting methods to foster student interest in the critical subject. The awards will be presented to support the winning schools' vision for science education.

Eligibility

- Schools must be in DeWitt County
- Schools must be public elementary, middle or high schools
- One application per school
- Principal must approve entry

Entries

- Completed entry forms and essay responses must be received by 5 p.m., Oct. 31, 2017, to:
Devon Energy Corporation
C/O Becky Escott
9500 Glascock
Cresson, TX 76035

All applications must be received in the Devon Energy office by 5 p.m. Oct. 31, 2017. If mailing, please make sure you allow adequate time for your application to be received, not postmarked, by the deadline.

Judging

- Devon Energy will select winners from all eligible entries
- Schools will be judged based on:
 - Exciting and sustainable approaches used in and out of the classroom to cultivate student interest in science, especially Earth science
 - Vision to improve student achievement in science
 - Appropriate and resourceful project budget
 - Thoroughness of the application
- Principal of the winning school will be notified by phone
- Judges' decisions are final

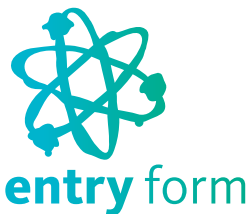

Award

- Two awards to be given totaling \$25,000
- The winning schools will be announced in January 2018
