## Policies We Support

---

The Devon Energy Corporation Political Action Committee (DECPAC) is investing in Devon's future by providing resources to candidates at the state and federal levels who support policies such as:

Responsible tax treatment for the oil and natural gas industry

Continued regulation of hydraulic fracturing by states

Responsible access to domestic energy sources

Reasonable regulation of air and water

## Criteria for Candidate Support

---

How do we determine which candidates to support? Contribution decisions are made by the DECPAC board of directors and are based on factors such as:

Candidate positions that indicate support of the company and energy industry key issues

Devon's presence in a candidate's state or legislative district

Candidate's committee assignments or leadership positions

Other factors the board may consider at its discretion
